

Conference on renewable Energy scheduled on 22-23 October 2019

Jalshakti Department, UP

Conference on Renewable Energy

Let's explore and discover opportunities in solar and wind energy in Uttar Pradesh.

October 22 -23, 2019
Parkajpura Bhawan, Telibadli,
Lucknow (UP)

Uttar Pradesh is all set to become the growth engine of the nation. Located in the heart of the Gangetic plain, the richness of its abundant natural resources combined with the investor-friendly policies of the government, presents unique opportunities for transformational public-private collaboration.

Keeping in view the steadily rising energy demands of a fast-growing economy and the country's commitment to the Sustainable Development Goal of providing access to affordable and clean energy to all, the demand for clean energy alternatives is fast growing.

The newly formed Jalshakti Department of Uttar Pradesh, with its extensive network of over 75,000 km of irrigation canals and over 120 reservoirs is keen to maximize the utility of its assets through public-private partnerships for low cost renewable energy production using state-of-the-art technology.

Come, join us, and share your ideas!

schedule

at a glance
